

I am writing in reference to MB Docket No. 04-233. K-love, a Christian radio station which broadcast on FM 106.7 notified me that there may be a possibility that they may be forced off the air by LPFM stations. K-love is the only radio station that me and my two children listen to on the way to school in the morning. All the other stations have talk shows with bad content and language. I do not have to worry about that with K-love. Before K-love began to broadcast in my area there was no other Christian radio station and I really wanted a contemporary christian radio station. Then K-love came. If K-love were forced off the air in my area, I think it would be a very bad thing. I give to K-love every month so that I can listen to them and also that others may also. Especially those who do not know Christ. Many have come to know Christ through K-love. There are a lot of radio stations out there with country music, oldies, 70's music but K-love is the only Christian radio station that I have access to. Please do not take them off the air waves. Since K-love has began to broadcast I feel that I have a greater faith and K-love helps me get through the day. Thank you for your time.
